School

Offering

One of our missions is to teach our youth about giving and sharing with others. That what God has given to us, we should always do our best to give back to others.

Each week we have a volunteer offering during the Sunday School hour and wanted to share how and where that is given back to.

1. Riverside Bible Camp in Story City-Riverside provides a Christ-centered camping experience for children and adults of all ages. This camp has become a rich and wonderful experience for Fjeldberg youth over the years.
2. Ronald McDonald House in Des Moines. It's something we see every day-children healing because they're surrounded by their families. And while RMHC may not be able to make the medicine taste better or erase the pain of a much needed treatment, they can help lessen the burden for nearly nine million families each and every year.
3. Tim & Paula Tjernagel, former youth director at Fjeldberg, and his family are currently missionaries in Spain where they are planting churches and sharing the Good News.

*These philanthropies are subject to change annually.

The remainder of all offering is used to stock and supply our resource room with items needed for Sunday School as well as additional education materials and events.

Also, save your can tabs and bring them in to help us help the Ronald McDonald House in this way as well.
